

Light A Candle

Altos solo: Light a candle, hold a sign of hope in your hand

Sopranos solo: Light a candle, let it shine across the land

Tenors/Basses solo: The hour that seems the darkest turns quickly into day

All: Light a candle, let it show us the way

Altos/Sopranos:

Light a candle for the child who sleeps in the cold

Light a candle, let our heart's compassion unfold

Tenors/basses:

Who sleeps in the cold

Compassion unfold

ALL: A light will make the darkness seem easier to bear

Light a candle for the hope that we share

Let your light outshine your ev'ry fear

Hold it high, hold on to what is clear

Hold on to ev'rything that you hold dear

Sopranos:

Light a candle, let it shine for young and old

Light a candle, let your heart's compassion unfold

Altos/lowers:

Light a candle, for young and old

Light a candle, let compassion
unfold

ALL:

A ray of hope for all of us

A simple, silent prayer

Light a candle for the love that we share

Oooooo

Light a candle

For the love that we share
