

ROW ON, ROW ON

CHORUS - REPEATED AFTER EVERY VERSE BY ALL:

Row on, row on, another day
May shine with brighter light
Ply, ply the oars and pull away
There's dawn beyond the night

TENORS/BASSES SOLO:

Clouds are upon the summer sky
There's thunder on the wind
Row on, row on and homeward go
Nor give one look behind

CHORUS

ALTOS SOLO:

O like yon river would I glide
To where my heart would be
My barque should soon outsail the tide
That hurries to the sea

CHORUS

SOPRANOS SOLO:

But yet a star shines constant still
In yonder cloudy sky
And hope as bright my bosom fills
With love that cannot die

CHORUS

ALL:

Row on, row on, God speed the way
Thou must not linger here
Storms hang about the close of day
Tomorrow may be clear
