

(Tenors don't sing)

## **STRONGER WITH TIME**

This is the best of times  
We reach for the stars  
(Our spirit grows stronger), stronger with time  
With time

We sing with the piper  
He plays our song  
(Our music grows stronger), stronger with time  
With time

### **CHORUS:**

And go ye with the rising of the sun  
Sail, sail on with the wind, with the wind  
And keep alive the hope you have inside  
Fly away, fly away fly away  
And like the mighty mountain high above  
Reaching to the sky, to the sky  
The spirit in me rises with the wind  
Fly away, fly away, fly away away

Stand we together  
And firm in resolve  
(Our spirit grows stronger), stronger with time  
With time

We sing with the angels  
They play our song  
(Our music grows stronger), stronger with time  
With time

**REPEAT CHORUS - KEY CHANGE BEFORE 'AND LIKE THE MIGHTY MOUNTAIN'**

### **Last line:**

Fly away, fly away, fly a-way

Sopranos: Hold the last 'way' on a top F

Altos: Stronger every day

Tenors: Fly away, we'll grow stronger every day
