

Arctic Home

Ooh____

Ooh____

Six million miles of frozen seas,
The Arctic holds all of my memories.
On top of the world, snowy owl flying high,
As magical lights cross the sky.

Can you hear the ice breaking away?
As the land gets warmer every day.
Can you hear me? Can you help me
To save my Arctic home.

Ooh____

Dive through the ice, catch a seal below.
My coat glistens white as the waters flow.
On top of the world, hunting day after day,
As magical lights guide the way.

Can you hear the ice breaking away?
As the land gets warmer every day.
Can you hear me? Can you help me
To save my Arctic home.

Can you hear the ice breaking away?
As the land gets warmer every day.
Can you hear me? Can you help me
To save my Arctic home.

To save my Arctic home. (Ooh)
